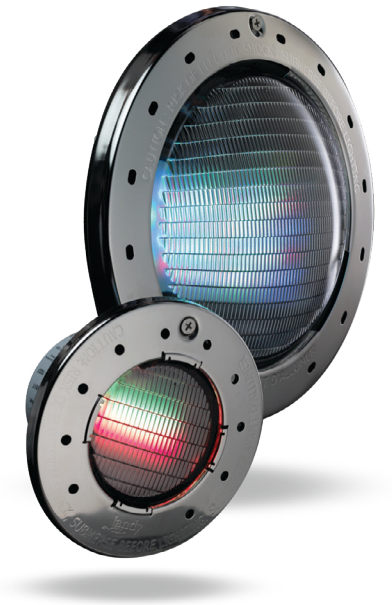
Radiant Nighttimes with WaterColors RGBW Lights

Jandy® WaterColors pool and spa LED lights offer energy efficiency in an ultra-slim profile and simple installation. These RGBW lights enhance the brilliance of the nighttime pool experience by providing a purer white tone while also allowing you to select from nine vibrant colors and five light shows. WaterColors are ETL classified and fit into existing niches* from Pentair® and Hayward® as well as Jandy ProNiches.

Pool Control in the Palm of Your Hand

WaterColors LED Lights can be controlled anytime, anywhere with iAquaLink®. Colors, settings, and light displays can be selected from virtually any web-connected smart device.



- Dedicated Red, Green, Blue, and White LEDs
- Stainless steel housing for corrosion-free performance
- Choose from nine vibrant colors or five dramatic light shows
- Microprocessor blended colors for smooth transitions and no moving parts
- Long life, less than 50 watts of power, available in 120V and 12V versions
- Controlled by a single light switch or seamlessly interfaces with our WaterColors LED Light Controller
- Compatible and compliant for use in all Jandy and most competitor's niches*
- Black, white or gray plastic face rings are available to order.

*See WaterColors RGBW Lights installation manual for full list of compatible niches.
