

BULL PRODUCT GUIDE

BUILT BULL STRONG - FOR LIFE

Passion for Outdoor Entertaining

We are passionate about building Outdoor BBQ Kitchens and the quality Stainless Steel Grills and Components that go into those Kitchens. Bull's Premium BBQ Grills are lauded by chefs and backyard enthusiasts throughout the world for their performance, construction, and design. Bull's dedication to developing the best and most complete line of outdoor kitchen equipment in the industry is fueled by their research in the grill industry, which has become even more cutting-edge, utilizing engineering experts at California Polytechnic State University to create the new ReliaBull technology. Typical grills feature unpredictable heating across the surface. Bull's new ReliaBull technology was created to eliminate uneven heating on your grill, making your outdoor grilling experience extraordinary! All Bull gas grills come complete with our proprietary ReliaBull Even-Heat Technology, single-piece dual-lined hoods, solid stainless steel cooking grates, and individual friction-based Piezo igniters. Because a Bull is built to last a lifetime, all grills are designed to be easily installed into one of our Outdoor Kitchens for a hassle-free backyard upgrade.

Our Team

At the heart of Bull's success is our dedicated team. Passionate and driven, our experts guide you through design and purchasing, providing a wealth of recipes, tips, and techniques from world champion chefs. Our master craftsmen, based in Lodi, CA, and Athens, TN, meticulously handcraft each outdoor kitchen with unmatched precision and skill. Our comprehensive warranty and customer service department, staffed by knowledgeable specialists, are always ready to address your inquiries.

Over 30 Years of Excellence

Bull's Founder and CEO Mark Nureddine's garage experiment with an open flame grill sparked the creation of Bull Outdoor Products in 1992. Over 30 years, under Nureddine's leadership, Bull has become a global leader in Outdoor Kitchens, offering premium Grills and Components to over 900 dealers worldwide. From a garage to global prominence, Bull sets the gold standard for incredible outdoor cooking.

Proud to be the Official Grill of the RBC Heritage PGA Tournament

ANGUS GRILL HEAD

Why do Bull Grills have a Superior Grilling Surface? ReliaBull Heat Technology!

RELIABULL FEATURES:

Vented Flame Tamer Design Improves Heat Distribution Left to Right

Varied Burner Port System Improves Heat Distribution Front to Back

Integrated Internal Baffle Design Provides Even Pressure to all Burners

Our proprietary ReliaBull Even Heat Technology minimizes uneven heating and improves heat distribution on our grills by 150%. We've reduced the hot and cold spots so you can use the entire grill with confidence.

COMPONENTS BUILT FOR YOUR SPECIFIC NEEDS

Bull has the most complete line-up of Outdoor Kitchen Components in the industry. With our Build a Bull Program, customizing your Bull Outdoor Kitchen is made easy with more than 50 component upgrades. If you can dream it, we can build it.
